

In-class Field trip Guide

Innovative, fun-focused and premium quality Early Childhood STEAM learning programs

Gear-Up for a new school year with STEAM!

Complement and enhance your special events and class activities this upcoming school year with SPDF Kids and STEAMreka!!™ in-class field trips! We come to your location with innovative and exciting hands-on activities that engage and enrich children in the areas of basic concepts in science, technology, engineering art and mathematics (STEAM). Each in-class field trip includes a completed activity that each student takes home to reinforce concepts and help parents maximize the learning experience, beyond each activity.

SPDF Kids In-Class field trips

Our in-class field trips are packed with tons of FUN that SPARK and nurture the wonders of STEAM early in young learners. Here, Preschoolers - Kindergarten and 1st – 3rd students gain problem solving skills, analytical skills and much more from our differentiated, and innovative hands-on STEAM enrichment activities. In our immersive in-class field trip activities, familiar holiday and special day themes are the highlights used to introduce children to core concepts in STEAM (Science, Technology, Engineering, Art and Math) and enhance their 21st century learning skills.

STEAMreka!!™

Holidays and special day themes serve as a fun and relatable launch pad to propel students beyond common misconceptions (that can have far-reaching implications) and into the wonders of STEAM. As active and hands-on learners, students in 4th – 6th grade explore, experiment, discover and have tons of FUN with core concepts in science, technology, engineering, art, mathematics. Reinforcing basic concepts, and clearing up misconceptions through activities that excite and engage and enrich students is just what STEAMreka!!™ is all about.

Structured as day in-class field trips, our activities.....

- Meet and exceed national and state curriculum standards
- Are appropriate for children in Preschool through Grade 6
- Are led by trained instructors
- Last between 35 minutes to 1 hour
- Differentiated topics and themes relevant for preschoolers – 6th grade students

In-class field trips Scheduling & Cost

If your school, organization, daycare or company is interested in our in-class field trips, we invite you to call us today or complete the interest form by **August 21st, 2017** to secure your date and time slot. You can choose from any of the topics/themed activities below.

- Fall into STEAM (*recommended for the Fall season*)
- Halloween Fun day (*Halloween themed activities*)
- GHD with STEAM (*recommended for Global Handwashing day on Oct. 15, 2018*)
- Columbus Day (*recommended for Columbus themed activities*)
- Turkey day (*recommended for Thanksgiving Day themed activities*)
- Elf on the STEAM shelf (*recommended for Christmas themed activities*)
- Egyptian Museum Day (*recommended for Egyptian themed activities*)

The table below details the cost of our hour-long school-age, and 35 minute long preschool classes. Prices are based on consecutive, same topic sessions.

1st – 3rd & 4th -6th grade workshops (Maximum 30 kids per session)

	1-2 dates	3-4 dates	5 or more dates
# camps per day	Cost per camp	Cost per camp	Cost per camp
1	\$240	\$235	\$225
2-3*	\$200	\$195	\$190
4 or more*	\$195	\$190	\$185

Preschool – Kindergarten (Maximum 15 kids per session)

	1-2 dates	3-4 dates	5 or more dates
# camps per day	Cost per camp	Cost per camp	Cost per camp
1	\$220	\$215	\$205
2-3*	\$180	\$175	\$170
4 or more*	\$175	\$170	\$165

*All prices refer to consecutive sessions of the same topic.

We always arrive at your location with enough time to park, sign in at the front desk/office, make it to the room and set-up to start by your scheduled start time. Depending on the program, we typically need 15 – 20 mins to set-up and about the same time to clean-up. If you have additional security measures, parking issues, or anything else that necessitates an earlier arrival, please notify us at least 48hrs before the scheduled sessions.

Our Standard of Quality

Innovating early and quality STEAM experiences is both a prospect and responsibility we take seriously. Our commitment to a 'high' standard of quality is a key driver of progress for us and an integral part of all of the services we offer. Our quality policies are systematically reviewed, revised and updated to meet as well as exceed the standards necessary to 'spark dynamic' and productive futures in school as well as in life through early quality and innovative STEAM experiences.
